

Tiffanie Lauze for Director of beaches community center

Biography

I was Born in Pine falls Manitoba lived there until grade three, then moved to Victoria Beach. My parents were always volunteering and teaching us our community is family; starting off with helping organizing the kids carnival to my dad being on the Victoria beach fire department. My parents planted the seed and here I am wanting to be a part of making our community home to many! At 26 years old I opened my own hair salon on Ateah road. I met so many amazing people and working with them inspired me to realize that I can be a part of so much more. So with that I have become involved in the beaches community center volunteering with curling and organizing bingo. I am a mother of three and life got busy, so I joined the parent advisory council, and trained to be a school bus driver. I drove locally and soon after had the amazing opportunity to drive the express high-school bus. With driving students to Selkirk it just opened more doors and I got my instructors license. I am now currently the bus driver instructor for lord Selkirk school division. I followed in my dads foot steps recently and started an adventure on getting my level one fire with Victoria beach fire department , I am now a certified level 1 fire fighter dedicating my time to help keep our community safe. I grew up at the old curling club on pine Road and have so many amazing memories. I think a position here where I can help create that very memory for others with helping our community flourish in all of our upcoming endeavours.
